

Take charge of your devices with the Parotec T36 cart.

Our charging cart is both flexible and functional, with all the features you need to simply and reliably charge, store and secure Chromebooks, laptops, tablets and iPads.

FLEXIBLE

Fit a variety of devices in a future-proof charging cart that adapts to changing needs.

FUNCTIONAL

Ergonomic design, easy access, quick setup and numbered slots keep everything simple.

FEATURE-RICH

Built-in cable management, advanced digital timer, secure locking system and more.

The do-it-all charging, storage and security cart your fleet has been waiting for:

Flexible for varied devices:

Capacity for up to 36 Chromebooks, laptops, tablets and iPads, including cases.

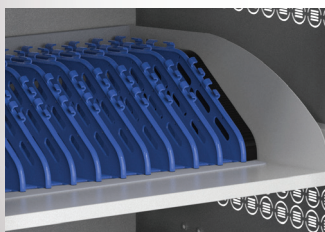

Cart dimensions:

26" w x 28" d x 45" h

Weight: 192 lbs.

Device compatibility:

Up to 15.6"

Extreme user-friendliness: Easy slide-out trays with numbered slots make it easy to organize and store devices.

Ergonomic design: Recessed side handle, compact and lightweight to easily maneuver.

Highly secure: Use the integrated locking system or your own lock for device access. Easy access locking back panel secures power and cables.

Made strong: Solid steel construction, ventilation for device protection, industrial-grade swivel and locking wheels.
